Sindh Institute of Urology and Transplantation

## **Dr. Riffat Moazam Zaman**

### **Biosketch**

Dr. Zaman completed her Masters and Ph.D in Clinical Psychology, from USA. Post Ph.D she was trained in family therapy.

Subsequent to working in USA for 8 years, Dr. Zaman was involved in private practice and teaching in Islamabad. She joined Aga Khan University Hospital (AKUH) in 1989 and retired as a Professor in the year 2019. She currently works in private practice.

Besides clinical work, Dr. Zaman has been involved in teaching Behavioral Sciences to medical students, supervising and teaching psychiatry residents. Her interest and involvement in Bioethics dates back to 1996 when she became a member of a Bioethics Group that was voluntarily formed by AKUH faculty and staff. Since then she has been involved in numerous Bioethics activities including symposiums, conferences and teaching of ethics at the graduate and undergraduate level. She was a member of the Hospital Ethics Committee at AKUH (2006 – 2014) and co-chair (2006-2010).
